## Distance from Facilities to Union Station

In 1997, the United States Congress enacted the [National Capital Revitalization and Self-Government Improvement Act of 1997](#) (the "Revitalization Act"). The Revitalization Act authorized the closure of the Lorton Correctional Complex. This led to the transfer of sentenced felons to the Federal Bureau of Prisons (BOP), to be housed in [facilities operated by the BOP](#), or in private contract facilities.

Below you can see the distance between facilities currently housing DC incarcerated residents and Union Station where our returning citizens arrive.
