News from the DC Corrections Information Council

Message from the Executive Director

As we get into the holiday season, the CIC is thankful for our continued growth, achievements, and our constituents throughout the District. Earlier this month, we partnered with the Board of Elections (BOE) and the DOC to distribute candidate information to residents in custody. Our staff members also went to the jail to act as poll watchers and answer any questions from DC residents in custody. We hope to continue this vital partnership in the future.

The CIC added the DOC's response to the CIC's follow-up on recommendations from April and May. This report can be viewed [HERE](#). Recently, the CIC published three BOP inspection reports, including USP Thomson, FCC Petersburg, and VOA

Chesapeake. Review these reports [HERE](#). The CIC looks forward to more DOC and BOP inspections throughout FY23.

The CIC is excited to participate in the District's Racial Equity Initiative. CIC staff had the opportunity to attend the mayor's racial equity event which included ideas around diversity in the workplace and public safety. Our office regards this initiative as of the utmost importance and will include our opinions on improvement. The public opinion forum on ways the District can improve race and equity is open to communities as well as agencies. You can submit your opinion [HERE](#). This form must be submitted by January 2, 2023, at 5:30 pm. The CIC looks forward to seeing what is important for District communities and sharing our ideas for district improvement.

Lastly, the CIC is excited to announce the beginning of our annual holiday postcard project. This year, the CIC expects to send over 2,000 holiday postcards to DC residents in custody. Please contact the CIC for additional information on postcard participation at (202) 478-9211 or dccic@dc.gov.

COMING HOME: Reentry After Incarceration
by
by Errol Daniels & Katherine Russell

COMING HOME: Reentry After Incarceration is a series of still photographs and essays documenting formerly incarcerated people as they return to society. This project humanizes criminal justice statistics and portrays the challenges of post-incarceration life through word and photograph. By personalizing people's stories as they re-enter society from jail or prison, this book hopes to encourage others in the community to remove barriers that lead to recidivism and shift the tone toward restorative, rehabilitative approaches.
