Draft [agenda](#) can be found on our website, cic.dc.gov.

USP Beaumont (BOP photo), high security prison at FCC Beaumont, Texas

UPDATE - FCC Beaumont

The Federal Bureau of Prisons provided an update to CIC yesterday, September 27, regarding conditions at FCC Beaumont:

"All components of the facility are receiving their meal service according to the National Menu, which includes a continental breakfast with a hot meal

for lunch and dinner. The USP is receiving these meals via satellite tray service due to pending repairs in the kitchen.

The facility received notice that the water at was safe to drink late in the evening of September 13, 2017. Currently there are no housing units closed due to sewage issues and staff are unaware of the odor associated with the water.

During the incident, there were no medication interruptions at the Complex. Sick call, nurse rounds, medication distribution, and insulin distribution were completed in the units at each institution throughout the event.

The Camp and Low maintained telephone and email throughout the event, except when there was a total power loss. The inmates at the Medium and USP began using the telephones and email system with the initial limits on the phones of ten minutes. The phones were placed back to 15-minute calls after each unit had the opportunity to contact their families."

The CIC would like to hear more from those directly affected by Tropical Storm Harvey. If there are any reports from DC residents at FCC Beaumont or their loved ones, please convey these reports to the CIC at 202-478-9211 or at dc.cic@dc.gov.
