News from the DC Corrections Information Council

Message from the Executive Director

The CIC is hiring! We encourage interested individuals to apply by visiting our website. The opportunities are available [HERE](#).

The CIC also invites you to view our recent production, titled "IRAA: Creating Hope". It is a documentary that details the journey of six men released after the passage of the Incarceration Reduction Amendment Act. It presents a historical and legislative framework for understanding the pre and post release experiences of men incarcerated as juveniles. The video is accessible on YouTube or by clicking [HERE](#).

The CIC most recently inspected DC Department of Corrections' facilities on September 12th and 13th as part of our regular site visit schedule, which is also supplemented by ad hoc visits. Please review our website regularly for updated information, findings, and recommendations regarding the DOC and the Bureau of Prisons (BOP). There are multiple resources available, such as inspection reports, thematic reports, annual reports, and information sheets, which are available [HERE](#).

Lastly, the CIC will meet with Bureau of Prisons' executives as part of ongoing interagency follow-up with administrative officials. Agenda items will address updates regarding parity for earned time credits in accordance

with the First Step Act (FSA) for DC Code offenders, the impact of indeterminate sentencing on the ability to program within BOP facilities, trends within BOP facilities, and current policies regarding phone and email contacts. The CIC regularly informs the BOP of the practical impact of indeterminate sentencing on programming, and we are actively monitoring the implementation process for time credits.

Thank you to the community and to those who continuously communicate with us. We look forward to continuing to serve you throughout fiscal year 2025.

-Donald Isaac
